Frank
EMU BOOKS

As per the latest curriculum prepared and recommended by the Council for the Indian School Certificate Examinations, New Delhi

ICSE

The series is in strict adherence to the latest Computer Applications syllabus for Classes 9 and 10, as prescribed by the **CISCE** (Council for the Indian School Certificate Examinations).

KEY FEATURES

- The book is divided into two parts—
 - **Part I** deals with **Object Oriented Programming in Java** in the **BlueJ** environment
 - **Part II** is more student centric and provides some **model solved** and **unsolved papers**
- **Effective and Enriching presentation style** makes learning easier and engaging
- **Definitions and quick information** are given in a distinct manner
- **Solved Questionnaire** has both Section A and Section B Type Questions
- **Exercises** have been categorically divided into **Mental Drill**—to test the student's command of the chapter; **Section A Type Questions**-2 marks; **Section B Type Questions**-15 marks
- **Appendix** provides **good programming practice and methods of writing variable description table**
